

Small School, Big Heart

Veritas Academy is a small school where students' needs are felt and heard and their goals and dreams are fostered.

Along with guidance counselors and a college and careers advisor, we also have social workers who provide important supports and services to students. We welcome and encourage all communication from parents/guardians.

All Veritas teachers and staff prioritize getting to know each student as well as making themselves readily available for any parental concerns. It is for these reasons we have been recognized as a Small School with a Big Heart. As you make the important decision on where to attend high school, we hope you choose our school as your home for the next 4 years.
